Art Unit: 1755

1. This Office action is in response to the amendment filed with the RCE of 11/3/03 and refers to the Office action mailed 7/14/03.

2. Due to amendment, the prior art rejections are withdrawn. However, c.f. below for formal rejections.

3. Claims 1, 7, and 29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, l. 3, the comma after "compounds" should be after "group".

In claim 7, l. 2, delete the first example of "or".

In claim 29, l. 2, delete "thereof".

4. Claims 1, 2, 4-13 and 15-36 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The limitations added in the latest amendment are both negative limitations not specifically supported in the specification as filed and hence are new matter; *ex parte* Grasselli, 231 USPQ 390, 393.
